Beginning August 1, 2024, NH Healthy Families will expand the requirements for billing of genetic and molecular testing. In accordance with the Reimbursement Policy for Genetic/Molecular Test Coding Policy, all providers billing for genetic and molecular testing services will be required to adhere to the coding recommendation in the Concert Genetics portal.

The portal can be accessed here: www.concertgenetics.com/join-centene. The quality and billing integrity requirements in the reimbursement policy will be facilitated by Concert Genetics--our partner and a software and managed services company that promotes health by providing the digital infrastructure for reliable and efficient management of genetic testing and precision medicine.
