## WELCOME TO NH HEALTHY FAMILIES

We would like to welcome you to NH Healthy Families. NH Healthy Families provides quality healthcare benefits that are convenient and accessible. Our main priority is making sure you receive high-quality healthcare coverage.

This is your provider directory. The next few pages include information on how to use the directory. Let us know if you need help understanding this. Interpreter services are provided free of charge to you. This includes sign language and real-time oral interpretation. Call our member services line at 1-866-769-3085 (TDD/TTY 1-855-742- 0123).

## KNOW YOUR PLAN

As a NH Healthy Families member you may have one of the following types of coverage:

- Standard Medicaid
- Granite Advantage Health Care Program (Granite Advantage)

You can tell which plan you have by looking at your Member ID card. Granite Advantage members' cards will say so on the front of the card. See the picture below:

If the card does not say Granite Advantage; you are a Standard Medicaid member.

All providers listed in this directory are in-network for Granite Advantage members. Some of the providers, listed in the special section called, *Granite Advantage*, are in-network only for Granite Advantage members. Standard Medicaid members may not consider Granite Advantage providers in-network unless they are also listed elsewhere in this directory.

*Please note: Except for emergency & family planning, all services must be obtained through plan network providers or pre-approved for out of network providers.*

## ***EASY TO USE***

Getting NH Healthy Families benefits is easy. We believe the best way for you to keep good health is to develop a good relationship with your family physician. That is why you, and those in your family who are members of NH Healthy Families, select a NH Healthy Families Primary Care Provider (PCP). When you need care, all you have to do is call your PCP for an appointment. Tell them you are covered by NH Healthy Families. It's that simple.

## ***ACCESSIBILITY***

If you use a wheelchair, walker, or other aids and need assistance getting into your doctor's office, call your doctor's office before you get there. This way someone will be ready to help you when you get there. If you would like help talking with your doctor about your special needs, call Member Services.

## ***TRANSPORTATION***

If you need help getting to your healthcare provider's office or clinic, call Member Services. The number is at the bottom of every page.

## ***TAKING CARE OF YOU AND YOUR FAMILY***

We encourage you and your family to make appointments for regular check-ups. Preventive healthcare benefits with NH Healthy Families include coverage for:

- Diagnostic x-rays.
- Laboratory tests.
- Mammograms.
- Eye exams.

## ***FAMILY PLANNING AND PRENATAL CARE***

If you need to access family planning services, you can select the doctor of your choice. They do not have to be in the NH Healthy Families network. Some examples of family planning services are:

- Education and advice from trained personnel to help you make choices.
- Information about birth control.
- Physical exams.
- Follow-up visits.
- Immunization services.
- Pregnancy tests.
- Birth control supplies.
- Tests and treatment of STDs (sexually transmitted diseases).

NH Healthy Families may approve visits with your doctor for up to 90 days after he/she leaves the network. We can do this if you are in active treatment with your doctor. Members in the second or third trimester of pregnancy can keep the same doctor until after the first post-partum visit. Just contact Member Services today to coordinate your care at 1- 866-769-3085 (TDD/TTY 1-855-742-0123).

### ***IF YOU HAVE TO BE HOSPITALIZED***

If you need hospitalization, your PCP or a Specialist will admit you to a hospital where he/she is affiliated. The hospitals currently participating with NH Healthy Families are listed in the *Hospitals* section of this directory.

### ***IMMEDIATE AND EMERGENCY CARE***

With NH Healthy Families, you have access to medical services 24 hours a day, 365 days a year. In the event of a potentially life threatening emergency, call 911, or go to the nearest emergency room. If you are admitted to the hospital, please call or have someone call NH Healthy Families within 48 hours to notify us of your medical situation. Always let your PCP know if you have been hospitalized for any reason.

Some examples of emergencies are:

- Severe pain of any kind.
- Change in mental status.
- Change in neurological status.
- Complications of pregnancy.
- Chest pain.
- Poisoning.
- Acute allergic reactions.
- Severe shortness of breath.
- Abdominal pain.
- Multiple episodes of vomiting or diarrhea.
- Bleeding that won't stop.
- Injuries that cause loss of function to a body part.
- Symptoms of substance abuse.
- Psychiatric disturbances.
- Overdose of medication.

# Accessibility Information

Below is information used in the provider directory to indicate accessibility at a provider office or building site. This information is not a promise that every doctor will always have the access that you may need. If you have a disability, you should call the doctor's office to talk about your access needs.

Accessibility Requirements:

**All Criteria Met:** if the provider meets all (49) Critical Elements (CE) for disability access in four (4) main areas:  
 Parking, Exterior Building, Interior Building, and Programmatic Access.

**Some Criteria Met:** if the provider does not meet 1 or more of the CEs.

**No Criteria Met:** if provider reports having no disability access for all of the CEs.

**Details Pending:** if there is no data to support any of the 4 main areas.

|   |                     |  |
|---|---------------------|--|
|   |                     |  |
| P   | Parking             | Parking spaces and van-accessible space(s), are accessible. Curbs to on-site parking, public transportation, and the side walk at the site entrance have curb ramps.   |
| EB  | Exterior Building   | There is an accessible ramp to the building. Curb ramps and other ramps to the building are wide enough for a wheelchair/scooter. There are handrails on both sides of the ramp. Doors are wide enough for wheelchair/scooter to enter and the doors have handles that are easily opened.  |
| IB  | Interior Building   | Doors are wide enough for a wheelchair/scooter and have handles that are easily opened. There are interior ramps that have handrails. If an elevator is present, it must be free for public use. The elevator has easy-to-hear sounds and Braille buttons within reach. The elevator is large enough for a wheelchair/scooter to turn around. The restroom is accessible, has doors wide enough for wheelchair/scooter and are easy to open. Offices have accessible equipment and clear for space where the equipment is for side transfers by wheelchair or scooter users. Lift equipment exists when needed. If office has a chair lift, it can be used without help. |
| PA  | Programmatic Access | Programmatic access includes, but is not limited to: accessible communication and materials in other formats given in a timely manner, staff help with follow-up visit planning, and other disability-related support (people with disabilities who cannot wait in waiting room are seen right away).  |
| ~   | Rx                  | This pharmacy can provide an extended day supply.  |
| +   | New patients        | Physician is currently accepting new patients.   |
| #   | Existing only       | Physician is currently accepting existing patients only.   |
| *   | No patients         | Physician is not currently accepting patients at this time.  |
|  | Bus route           | Provider indicated this location is on bus route.  |

New Hampshire Healthy Families is underwritten by Granite State Health Plan, Inc. cannot guarantee the accuracy of provider self-reported disability access information as it has not been verified by the health plan through an in-person Accessibility Site Review (ASR). Members are encouraged to contact the provider in advance to ask about disability access, and to contact the health plan immediately if the self-reported information is not accurate.
